APICS BSCM

N. 5 free Sample Questions of BSCM, 1st Module of Apics CPIM Program.

What definition BEST fits a description of a Six Sigma continuous improvement process?

Correct answer is (a).

The Six Sigma process improvement method reduces the variability of a process so that the variability of a process can be reduced to +/- six standard deviations from the mean thus establishing a quantifiable objective for continuous improvement. Option (b) is incorrect because it may be derived as a result of a Six Sigma process; however, inter-organizational process relationships are not required for a Six Sigma continuous improvement process. Option (c) is incorrect because it is a measure of productivity. Option (d) is incorrect because it is a measure of cycle time.

The recorded training seminars are available to CPFO Candidates enrolled in the CPFO program. Please see the CPFO Candidate Guide to learn how to enroll in the program, the steps to develop a study plan, and more. The CPFO Exam Prep series includes recorded GFOA training seminars relevant to topics in the seven CPFO exam content outlines. More recordings will be added to the product as the events occur. Recordings will also be removed as they become outdated or new ones are available. The practice exams are not intended to be an exhaustive review of all topics to pass the real exam. They supplement the recommended readings, best practices, and recorded seminars. The recorded seminars will help you prepare for the exam, but the training was not developed solely to support the CPFO exams. There will be topics on the exams that may not be emphasized or covered directly in training. We provide the training (along with best practices, research articles, etc.) to help candidates gain familiarity with the topics. The exams will cover topics covered in all of the recommended study resources. Please see the "study terms and concepts" handout available for each exam for details on topics examinees should be familiar with for the exams. To view the content outlines and additional materials recommended for each exam, please go to the CPFO Exam Content and Specifications page. If you have questions, please email us at certification@gfoa.org Please note, viewing these recordings does not qualify for NASBA CPEs.
