Similar to last year, with this virtual challenge, to keep things simple, there will be no phase 2, just model the part and run a quick simulation analysis. Jenn has been involved with Model Mania for many years, you may have met her at the Model Mania booth at 3DEXPERIENCE World over the years. For Phase 2, you are given a modified version of that drawing; you can consider it an engineering change if you like. If you have never used SimulationXpress, be sure to check out this tutorial. Save the date! As part of 3DEXPERIENCE World 2022 (hybrid event), students are invited to take part in our "Model Mania" challenge using the 3DEXPERIENCE platform.
